

PTC IC-RUN 1000

THE SIMPLE BUT INTELLIGENT PHOTOCOPIER DEBIT CONTROL CARD SYSTEM TO MEET YOUR NEEDS!

- ❖ This Debit Control Card System is specifically designed to provide efficiency and convenience of supporting multiple users through a “walk up and use” tap to copy/print debit card system which is only the size of a credit card.
- ❖ It can be mounted on a colour photocopier through simple wiring connection.
- ❖ It is most suitable for colour photocopiers installed in schools, government facilities/institutions, recreational facilities, and even construction offices whereby it supports **multiple users** and provides a convenient method for the monitoring of B&W and Colour copies usage for specific users who owns the control card (**increases control over operations**)
- ❖ It is capable of encoding user cards by using your personal computer to set the number of programmed copies in order to specify or control usage of card user.
- ❖ Easy to operate with clear instructions on the display screen to show before and after usage and balance copy values.
- ❖ Dimension (L x W x H) : 112 x 70 x 38mm
- ❖ Weight : Approx. 150gm
